

**RESOURCE REVOLUTION: INVENTING A CIRCULAR SUPPLY CHAIN**

In this panel, bold companies from around the world that are investing in the future of our industry and the future of our planet will come together for a dynamic conversation about the transition away from the harmful take-and-make linear economy to a truly circular beauty supply chain.

As the cosmetics and personal care industry moves toward zero-waste, regenerative, and carbon negative technologies, we can see all variety of adaptations and innovations taking place along the supply chain—real change is happening across ingredients, packaging materials, product manufacturing, brand leadership, and more. Join industry observer Deanna Utroske and some of beauty's boldest thinkers to discover how they're actively inventing a circular supply chain and sparking tomorrow's resource revolution today.
